Penelope

This is the preliminary listing for "Penelope" which is expected to arrive at our docks about April 1, 2017. She has been lovingly maintained and upgraded by her current owner. She represents an opportunity to begin cruising immediately, comfortably and economically. With her numerous improvements Penelope is ready to provide her new owner with the perfect live aboard or coastal cruiser.

New fuel tank, water tank and waste tanks installed in 2007 at a cost of \$40,000

Engines

Total Power: 100 hp

Cruising Speed: 7-8 knots

Tanks

Fuel: 280 gal/aluminum

Fresh Water: 300 gal/aluminum

Holding: 30 gal/fibreglass

Construction

The Manatee hull and cabin sides are of fiberglass sandwich construction with closed-cell PVC® foam core; heavy hand lay-up using mat and roving. This state-of-the-art construction is one of the most enduring and safest afloat. (Closed-cell PVC® foam core does not deteriorate or absorb water.) The composite structure serves both as a buoyancy material and shock, sound and temperature insulator. It rides quiet, increases impact strength and eliminates condensation build-up inside the hull. Penelope HAD A COMPLETE BOTTOM PEEL AND NEW EPOXY BOTTOM IN 2003. Decks are a fiberglass sandwich construction with end-grain balsa core. All joiner work, paneling, and beam-caps are of fine teak. Cabinetry is teak. Countertops are mica.

Saloon

The saloon is as large as you could ever expect to find on a 36' vessel. The entire sole is teak parquet, and there is generous use of teak paneling and trim. "Penelope" features no built-in furniture in the saloon. To port is a convertible sofa, entertainment table and ice maker. To starboard are 2 recliners and a dry bar. There are large opening windows port and starboard with Oak louvered blinds and double doors aft leading out to the covered aft deck.

Galley

The galley is located on the port side, forward of the saloon. It too is exceptionally large and offers plenty of cupboard, drawer and locker storage. Other features include a double stainless

steel sink with new water filter, Force 10 3-burner propane stove with oven and a 7.5 cu. ft. Vitrifrige refrigerator/freezer. There is a pass-through to the saloon with louvered teak folding doors and there is also a convenient pass-through from the galley to the bridge.

Master Stateroom

The stateroom is located all the way forward and it too, is very spacious for a vessel this size. It features a queen-sized centerline berth, "walk-in" sized hanging locker, built-in bookcase, mirrored vanity and generous drawer storage. There are 4 opening ports and a large opening hatch.

Head

The head is located to starboard opposite the galley. It includes a large separate stall shower, vacuflush toilet, stainless steel sink and a large opening window.

Pilothouse

The pilothouse is accessed from the aft deck, and is at the forward end of the boat deck. It offers 360° visibility and easy access to the fore deck and boat deck. There is a U-shaped settee with new cushions, full side and aft curtains, port and starboard doors, fixed forward windows and a full hardtop. The boat deck has the added benefit of a new full bimini top and a large stamoid awning for shade..

Electronics

- Furuno RDF 149 radar/chartplotter/depth finder
- Icon M422 VHF in pilothouse
- Raymarine ST6002 autopilot

Electrical

- 4.2 kw Entec® generator (2456 hours)
- Xantrex® Freedom SW 2012 inverter/charger installed Fall 2016
- 4– 4D house batteries
- 2 bow thruster batteries
- Generator starting battery
- Battery isolator (charges house batteries off engine)

Engine Compartment

- Engine: Volvo® TMD 31 with approx. 4,000 hours
- Volvo® fuel filter

- Dual Racor filters
- Raw water intake strainer
- Auto/electric bilge pump
- High water bilge alarm

Additional Components

- Cruiseair® air conditioning
- Quickset anchor
- 44 lb. Bruce anchor with 75' 5/16" chain & 150' 3/4" nylon
- New Simpson Lawrence vertical anchor windlass with pilothouse controls
- Follow Me tv antenna with satellite receiver
- 32" Samsung HD Smart TV and DVD player.
